

5.i - Mail from University of Helsinki

Dear Alina and Silvia,

I am very sorry to inform you that the University of Helsinki has decided its withdrawal from the Utrecht Network membership. The university has resigned from other networks as well - this is part of the new strategy and orientation of the resources.

I have attached the letter of the decision here and also sent it via postal mail to Silvia. This means that during the next academic year we won't participate as actively as beforehand and the resignation takes place in summer 2019.

I apologize on my behalf for the decision. Fortunately, we will continue our cooperation in other options e.g. in UNICA networking and other events.

I wish you both very sunny and relaxing summer. Let's keep in touch.

Best, Minna
